During the Spring 2020 semester, several grading and policy options were provided to offer students maximum support and flexibility as we transitioned to a remote learning environment. Effective Summer 2020 session, all academic and enrollment policies revert to the standard policies as published in the [Undergraduate Catalog](#) and the [Academic Calendar](#).

#### **Spring 2020 Undergraduate Student – Pass Grading Option**

#### **DEADLINE JUNE 10, 2020**

After reviewing final course grades, students currently enrolled in a course under the regular grading method (A, B, C, D, or F) may request to have their final grade changed from an A, B, C, or D to a Pass (P) grade by submitting a request to the Registrar's Office.

Students are **strongly encouraged** to wait until after spring 2020 final course grades are posted before submitting a request. Students are also **strongly encouraged** to meet with an [academic advisor](#) before submitting a request to the Registrar's Office to discuss the [possible implications](#) of (P) grading to determine if it is truly the best option. In particular, students should discuss the following implications with an academic advisor:

- **Pre-requisites Implications**

- In cases where an academic department will allow Pass (P) grades to satisfy pre-requisite requirements, students will be required to contact the [academic department](#) to obtain a pre-requisite override in order to enroll in the subsequent course.

- **Major/Minor/Certificate Eligibility**

- In cases where departments are allowing (P) grades to satisfy major, minor or certificate requirements, degree audits will automatically be updated to show that the requirement has been satisfied.

- **General Education and Writing Intensive Requirements**

- In cases where a General Education course or Writing Intensive course also satisfies a major, minor, or certificate requirement, students must confer with their [academic advisor](#) in the academic department to discuss this option. It is the discretion of the academic department to determine if a (P) grade in a General Education course or Writing Intensive course will also be accepted for purposes of the major, minor, or certificate requirements.

For additional information regarding the applicability of Pass (P) grades for purposes of major, minor and certificate requirements as well as for pre-requisite requirements, please review the following college level decisions:

- [College of Engineering and Information Technology](#)
- [College of Arts, Humanities, and Social Sciences](#)
- [College of Natural and Mathematical Sciences](#)
- **Erickson School of Aging Studies** – Pass (P) grades will be accepted for major and minor requirements as well as prerequisites
- **School of Social Work** – The Social Work Program is not accepting Pass (P) grades for any core/required courses, with the exception of the field placement which is always graded using the Pass/Fail grading method. The Pass (P) grade can be used to fulfill prerequisites.
- **Individualized Study** – Pass (P) grades will be accepted for major requirements and prerequisites
- **Honors College** – Consistent with UMBC’s Undergraduate Grading Method Options for Spring 2020, students enrolled in HONR 200 or HONR 300 seminars may choose to receive a P/F grade instead of a letter grade; and, if they do so, a P grade will satisfy the requirement that an Honors Seminar must be passed with a B grade or better to count towards the Certificate of General Honors.

Department/Program	Accept “P” for required courses?	Accept “P” for prerequisites?
Africana Studies	Yes	
American Studies	Yes	
Ancient Studies	Yes	Not for GRK/LATIN 102 .
